Progreso has been supporting BOFA since 2014 with Capacity building of the board, staff and farmer members in financial and business management and Certification Standards and Compliance. To improve coffee production trainers were trained and farm tools were distributed. With support from Progreso BOFA has been able to sell about 80% of its' coffee with a premium price, and they obtained working capital from Rabobank Foundation. Furthermore, BOFA established a banana mother garden and distributed quality maize and bean seeds in order to improve food security of its' members.
